Total Klean

Item # 700-1G, 700-5G

DESCRIPTION:

ICT Total Klean is a concentrated, multi-purpose degreaser designed to remove grease, mildew, and dirt stains from cementitious, painted, and stained surfaces. Degreasing is an important and often overlooked step in preparing a surface to receive a sealer or coating. Total Klean is compatible and ideal for use before any of the many ICT sealers and coatings.

DIRECTIONS FOR USE:

Dilute to recommended ratios. Dilution rates can range depending on the contamination levels of the surface. For light to mild contamination, dilute 7:1 with water. For higher contamination areas, the dilution rates can be adjusted without any adverse reactions. Total Klean can be applied with a pump sprayer or garden can. Once Total Klean is applied, scrub area thoroughly with a stiff bristled brush or use a pressure washer to remove the unwanted matter. Rinse thoroughly to remove all residue. You may add one cup of liquid chlorine or bleach to one gallon of diluted Total Klean to aid in the removal of algae and mildew.

SAFETY:

Read MSDS Sheet prior to use. Avoid breathing spray mist. As with any industrial cleaner practice safe handling and wear Personal Protective Equipment such as safety goggles, chemical proof gloves and foot wear. Keep container closed when not in use.

Keep Out of Reach of Children.

Characteristics an Technical Data

Liquid Properties

Test Results

Appearance	Red Liquid
Odor	Mild
Weight Per Gallon	8.62 lbs/gal
Coverage	150 sq ft/RTU gal
Packaging	1 Gal/ 5Gal
Shelf Life	1 Year
